ABOUT S. S. AGRAWAL GROUP OF COLLEGES

S. S. Agrawal Group of Colleges established in the year of 2007 and has become one of the leading institute for higher education in Navsari. The institute aims to discover, develop, direct and inherent talent of youth in order to make them confident enough to stand out in global competition. Agrawal Education Foundation was formed with the intention of introducing both technical and management education on the land of Navsari.

SSAGC is an interactive and caring association where academic excellence is paramount. We believe that there is a need for an independent, academically rigorous institute for growing global need. SSAGC rigorously follows its philosophy of empowering community through noble initiatives and our institute represents this goal. We, at SSAGC, believe youth of today carries immense talent that needs reliable direction and this institute acts as a bridge that helps to surpass this need. SSAGC creates such inspiring ambience where students can develop their skills, gain knowledge and become active in various aspects of life for a better tomorrow.

VISION

Since teaching is a noble profession and calls for the qualities of head and heart, we have a vision to update the students by providing them the best set of capability. Our institute emerges as a centre of academic excellence in order to produce the youth with the adequate knowledge, skills and worth. Our institute, with Indian values, aims to develop global citizen with the right attitude and commitments to triumph in their endeavour.

Our mission is to provide a solid educational foundation to build their career and inculcate self-reliance in young minds and to groom young generation for a better future by inducing self-confidence in the students. We also aim to provide programs focussing on the all-round development of the individual by emphasising on personality grooming, tolerance ability & a strong sense of social and environment responsibility. We aspire to make the youth compete with the world by providing practical knowledge and to make them self-reliant so that they can face the challenges of life without any fear, can keep pace with the world and can bear human qualities.

MISSION

OUR SOURCE OF INSPIRATION

**Late Shri Shivcharanlalji
Agrawal**

Every success story has a series of obstacles behind it and those obstacles help them to gain more strength to prepare for future endeavor. Mentioning one of the rare success stories of Late Shri Shivcharanlalji Agrawal. He was born at Gujarpura, Rajasthan in middle class family.

In 1973-74, he marched on to Gujarat in search of business prospects and started grain business with very limited resources, yet now turning out as one of the leading poha, rice and sugar industries in Navsari. Shri S. S. Agrawal believed in sharing knowledge for betterment of the society, his family has sensibly maintained the same legacy and outcome is Agrawal Education Foundation.

MESSAGE FROM PRESIDENT

Dear parents & prospective students,

Education is not mere accumulation of facts; it is preparation of life itself. One of the most significant character traits that need to be instilled in our youth during their education is a finely ingrained attitude of service-before-self. S. S. Agrawal College of Commerce and Management was established in 2007 with the aim and vision to make the students successful not only in life, but also conscious of their duties & responsibilities towards their fellow citizens.

From the first moment at SSACCM it's a place where knowledge is live, not just learned. It is our pleasure to introduce you to our institute. Our institute is for students who believe that education must address the imperatives of globalization and technology, while preserving essential values from the past. I heartily welcome you at SSACCM, the place where your dreams will come true.

Shri Rajesh Agrawal

MESSAGE FROM VICE PRESIDENT

**Shri Om Prakash
Agrawal**

SSACCM is a student centric educational institution since its inception, the college has committed itself to providing a high class education that prepares students academically, personally, professionally and socially for the successful careers in their chosen life

“Excellence and value” are our guiding principles which are reflected in every activity of the institute. Due emphasis is placed on exposing our students to real-life situations of the corporate world, developing entrepreneurial spirit & facilitating interaction with the best minds in the industry and with those who have helped achieve their missions with strong ethical undertones. SSACCM provides a transformational experience to its students who are expected to maintain the highest standard of personal integrity, professional commitment and business ethics.

I feel happy and proud to introduce you to SSACCM & welcome you to this institute. I assure you that pursuing your education through this institute would be one of the most exciting experience of your life.

MESSAGE FROM SECRETARY

SSACCM started in the year 2008 and has completed a decade successfully, is not merely an educational institution, it is a symbol of ethos; the principles we stand for and deep rooted cultural values. The institution promotes freedom of thought, innovation & creativity which are essential for academic excellence.

The campus has a multi-ethnic atmosphere with students from all corners of the district. Experienced and learned faculties are the strong pillars of the institution. The high standards set in the field of teaching spur us in our relentless pursuit of excellence. To enhance student's learning opportunities & experiences, the institute organizes a myriad of activities, such as industry visits,

community out-reach activities, cultural events, sport activities and student council that students can engage in and be part of the education.

At this juncture, we rededicate ourselves in upgrading the teaching and learning facilities and infrastructure that are conducive to simulative academic environment. We welcome you to SSACCM and assure you that your graduate education would be as enterprising experience as you expect.

Shri Mukesh Agrawal

FROM PRINCIPAL'S DESK

Prof. Vaishali Parekh

As we step into this new academic year, filled with hope and dreams of scaling new heights, I wish to reiterate the importance of few things that we have to keep in mind.

The purpose of higher education is to teach our children to think and develop a capacity to reason out facts. Students should always think and review - discover the cause and effect of every event, in which they are involved. Do not surrender or become a slave to youthful fancies and indulgences. Be steady in your studies. Learn to enjoy hard work - particularly your studies. Think wisely, think systematically. Always prepare yourself for next day's lesson. Preserve our heritage and environment for yourself as well as for your next generation.

With experienced and dedicated teachers and excellent infrastructure, our college helps students to realize their goals in life. I encourage all students to take advantage of the opportunities provided by the college and involve themselves in all the extra curricular activities that are offered. The overall development of the mind and body is a sign of a healthy and complete development.

Hard work, dedication and perseverance are the most important traits in a person that lead to success. The future belongs to you; your need, therefore, is to prepare yourself for an active participation in the world. This participation demands that you become well informed and hence develop yourself like a pioneer and ultimately grow as responsible men and women.

"We cannot always build the future for our youth, but we can build our youth for the future"
