ENLIGHTENED *Visionary*

जगद्गुरु श्रीनिम्बार्काचार्यपीठाधीश्वर
श्रीश्यामशरणदेवाचार्यजी महाराज

॥श्रीराधासर्वेश्वरो विजयते॥

॥श्रीभगवन्निम्बार्कचार्याय नमः॥

Shri Nimbarkacharya Peeth: A Timeless Vaishnava Tradition

The Shri Nimbarka Sampradaya, one of the oldest Vaishnava traditions, is rooted in the Dvaitadvaita philosophy—a blend of dualism and non-dualism. Founded by Lord Nimbark, believed to be an incarnation of the Sudarshan Chakra, it teaches the devotional worship of Radha and Krishna as the divine couple.

This sacred lineage, passed from Hans Bhagwan to Sanakadi Rishis, Narada, and then to Shri Nimbarkacharya, has continued unbroken for over 5,000 years. Its spiritual center, the Shri Nimbarkacharya Peeth in Salemabad, Rajasthan, draws millions of followers worldwide.

Under the guidance of the 49th Acharya, Shri Shyam Sharan Devacharya, the tradition continues to inspire through seva, temple worship, and global teachings rooted in Sanatan Dharma.

**"We, the family of S. S. Agrawal College,
offer our heartfelt salutations to our Guruji
and humbly pray to always stay aligned with
the divine presence."**

OUR

SOURCE OF

Inspiration

Late Shri Shiv Charanlalji Agrawal

Late Smt. Shantaben S. Agrawal

Every success story is built on hard work, patience, and a clear vision for the future. The life of Late Shri Shivcharanlalji Agrawal is a true example of how dedication can turn challenges into lasting success.

Born into a modest family in Gujarpura, Rajasthan, he began his journey to Gujarat in 1973–74 in search of better opportunities. With limited resources but strong determination, and with the constant support of his wife, Late Smt. Shantaben Agrawal, he overcame many challenges. Her encouragement and partnership were a strong pillar throughout his journey, helping him build a grain business that has grown into one of Navsari's leading Poha, Rice, and Sugar industries.

He strongly believed in the power of education and dreamed of a future where knowledge drives progress. To carry forward this vision, his family established the Agrawal Education Foundation, ensuring that quality education continues to benefit future generations.

At S. S. Agrawal College, this legacy of values, support, and hard work continues to inspire students to learn, grow, and achieve success.

Governing BODY

Shri Rajesh Agrawal
President

"S. S. Agrawal Campus -
A Place where knowledge is lived."

Shri Omprakash Agrawal
Vice-President

"Education with Excellence &
Value is our guiding principle."

Shri Mukesh Agrawal

PIONEERING THE *Future*

Welcome to our institution, a center of excellence dedicated to shaping the future of medical and technical professionals. Our mission is to provide high-quality education that blends academic rigor with practical expertise, ensuring that students are well-prepared to meet the challenges of their respective fields. With state-of-the-art infrastructure, experienced faculty, and a student-centric approach, we are committed to fostering innovation, ethical values, and lifelong learning.

At both undergraduate and postgraduate levels, we emphasize a holistic education that goes beyond textbooks. In medical education, we instill compassion, precision, and excellence in patient care, while in technical education, we nurture creativity, critical thinking, and problem-solving abilities. Our industry partnerships, research initiatives, and hands-on training programs equip students with the skills needed to excel in a competitive global environment.

As trustees, we take pride in building an institution that upholds integrity, inclusivity, and academic excellence. We invite you to embark on this transformative journey with us, where education is not just about acquiring knowledge but about making a meaningful impact on society. We look forward to seeing our students emerge as leaders, innovators, and changemakers in their respective domains.

Vision
PRESIDENT'S *Vision*

Shri Rajesh Agrawal

**AT S. S. AGRAWAL COLLEGE,
WE BELIEVE IN NURTURING INNOVATION,
INTEGRITY AND**

Excellence

S. S. Agrawal College | Navsari

Founded in 2007, S. S. Agrawal College has grown into a vibrant center of learning, discovery, and knowledge creation in the South Gujarat region. Driven by a spirit of innovation and excellence, the institution proudly stands among the leading colleges committed to shaping future-ready minds.

With a dynamic network of dedicated faculty, accomplished alumni, and strong industry collaborations, S. S. Agrawal offers a distinctive educational experience that nurtures creativity, competence, and confidence in every student.

Renowned for its philanthropic vision, the institution has long served as an “Educational Oasis” in South Gujarat—empowering generations through quality education, values, and opportunities for holistic growth.

- Hard Work
- Accountability
 - Passion
- Employee Care
 - Integrity
- Team Work

STATE-OF-THE-ART

Infrastructure

At S. S. Agrawal College, the campus is thoughtfully designed to provide students with a dynamic and enriching learning environment.

With modern facilities, well-planned infrastructure, and a focus on academic excellence, the institution offers the perfect platform for students to grow, innovate, and succeed in their chosen careers.

Classrooms

Spacious, well-ventilated, and digitally equipped learning spaces.

Library

Comprehensive resource center with books, journals, and digital resources.

Auditorium

Well-equipped auditorium for seminars and events.

Hi-tech Labs

Advanced computer labs for hands-on practical learning.

Learning Environment

S. S. Agrawal College fosters a vibrant and student-friendly atmosphere fostering creativity and industry readiness.

Ragging-free Campus

Zero-tolerance policy ensuring a safe and inclusive environment

HOLISTIC

Development

S. S. Agrawal College is committed to fostering holistic development by nurturing students not only academically but also personally and professionally. Through a balanced blend of quality education, skill-based training, co-curricular and extracurricular activities, the institution empowers students to develop critical thinking, leadership, communication, and ethical values. With initiatives such as industry interactions, workshops, cultural events, sports, and a strong mentor-mentee system, the college ensures that students grow into confident, responsible, and well-rounded individuals ready to excel in their careers and contribute meaningfully to society.

Skill Enhancement & Industry Exposure

The college emphasizes practical learning through workshops, seminars, industry visits, and expert sessions. These initiatives help students gain real-world insights, enhance technical competencies, and stay aligned with current industry trends, making them career-ready.

Co-Curricular & Personal Growth

A wide range of cultural activities, sports events, and student engagement programs are organized to encourage creativity, teamwork, and leadership. The mentor-mentee system further supports students in personal development, ensuring overall growth beyond academics.

Values, Ethics & Social Responsibility

S. S. Agrawal College instills strong moral values and a sense of social responsibility among students. Through NSS, community engagement activities, awareness programs, health camps and value-based education, students are encouraged to become ethical professionals and responsible citizens who contribute positively to society.

INDUSTRY *Interaction*

HR Conclave

HR Conclave 2026 held on 21st February 2026 was successfully organized by the Training & Placement Cell of S. S. Agrawal College, Navsari.

Our esteemed speakers and panelists shared real-life industry examples and conducted highly interactive sessions bridging the gap between industry and academics.

The conclave provided valuable insights to future professionals, enhancing their placement opportunities and market readiness.

Mega Talent Hunt

Mega Talent Hunt 2026, held on 28th March 2026, was successfully organized by the Training & Placement Cell of S. S. Agrawal College, Navsari. The event witnessed the participation of 10+ recruiters from diverse industry domains, offering direct placement opportunities and spot interviews.

Students from various streams including Engineering, Management, Commerce & Accounts, IT, Science, Medical, and Paramedical actively participated and engaged with leading recruiters. This mega platform was designed to bridge the gap between talented students and industry, opening doors to promising career opportunities.

Alumni Talk

On 7th March, the Training & Placement Cell of S. S. Agrawal College, Navsari, successfully organized an inspiring Alumni Talk, where distinguished alumni shared their professional journeys, experiences, and valuable insights with aspiring students. The session provided meaningful guidance and real-world perspectives, helping students understand industry expectations and career pathways.

Faculty members who are proud alumni of the institute expressed their deep appreciation and gratitude towards the college for shaping their careers. Students actively engaged in the session, sharing their reflections and acknowledging the institution's continuous support in providing a strong foundation for their personal and professional growth.

Build Skills. Start Early. Grow Faster

The Diploma in Engineering program provides early entry into the technical world with a strong focus on practical skills and industry readiness. Students learn core engineering concepts through hands-on training, preparing them for both employment and higher studies.

With a structured and skill-based approach, the program builds confidence, technical ability, and career direction from the start.

Skill-Based Education

Focus on practical knowledge and technical skills required for real-world applications. Build a strong foundation through application-oriented learning. Enhance problem-solving and decision-making abilities.

Hands-On Training

Extensive lab work, workshops, and field exposure to build strong fundamentals. Gain experience with modern tools and industry-relevant techniques. Develop confidence through continuous practical sessions.

Pathway to Career & Degree

Start working early or seamlessly transition into a Bachelor's degree. Open opportunities for higher education and specialization. Create a strong base for long-term career growth.

Future-Ready Engineers Start Here

Our Bachelor of Engineering program is designed to build strong technical foundations with real-world application. Students gain hands-on experience through labs, live projects, and industry exposure, ensuring they are ready to solve practical challenges from day one.

The curriculum focuses on innovation, analytical thinking, and problem-solving while also developing communication and teamwork skills essential for professional success.

Industry-Focused Learning

Gain exposure to real-world engineering problems through projects, internships, and industry interaction. Understand current industry trends, tools, and professional practices. Build problem-solving abilities through case studies and live assignments.

Practical & Technical Skills

Learn by doing with well-equipped labs, workshops, and application-based teaching methods. Develop hands-on experience with modern tools and technologies. Strengthen analytical thinking and technical competency through regular practice.

Career & Growth Opportunities

Prepare for careers in engineering, higher education, and entrepreneurship with confidence. Enhance employability with skill-based training and career guidance. Explore diverse pathways with strong academic and professional foundations.

Academic Approach

The college follows a balanced approach of theory and practical learning. Students are encouraged to understand concepts clearly and apply them through assignments, projects, and interactive sessions.

Learning Support

- Experienced and qualified faculty members
- Regular lectures, tutorials, and practical sessions
- Well-equipped laboratories and learning resources
- Continuous academic guidance and support

Student Development

- Focus on communication and presentation skills
- Personality development and grooming sessions
- Teamwork and leadership activities
- Participation in seminars, workshops, and events

Designed for Your Future

- Industry-relevant curriculum across all programs
- Focus on practical knowledge and real-world application
- Development of analytical, technical, and managerial skills
- Strong foundation for career growth and higher education

PLACEMENT *Record*

The S. S. Agrawal College Placement Cell helps students find good job opportunities and build successful careers. It works closely with companies to organize campus interviews, internships, and career guidance programs.

The placement cell also conducts training sessions, such as resume writing, mock interviews, and skill development workshops, to prepare students for the job market. By connecting students with recruiters and industry experts, it ensures they get the right exposure and opportunities to start their professional journey with confidence.

In addition to job placements, the S. S. Agrawal College Placement Cell supports students in exploring different career paths, including higher studies and entrepreneurship. It arranges guest lectures, industry visits, and mentorship programs to help students understand real-world work environments.

The cell also collects feedback from recruiters to improve training programs and keep students updated with industry trends. With a strong focus on skill development and career growth, the placement cell plays an important role in shaping students' futures.

Con Committee @ SSA

Women's Cell

The Women's Cell Committee, as per UGC guidelines, is responsible for creating a safe, inclusive, and gender-sensitive environment within the institution. It aims to address and prevent gender discrimination, promote women's welfare, and ensure compliance with laws related to the protection of women's rights, including the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013.

The committee organizes awareness programs, workshops, and grievance redressal mechanisms to empower women students, faculty, and staff. It also works towards fostering gender equity and providing necessary support in cases of grievances related to harassment, discrimination, or any other gender-related issues.

#EMPOWERING *Minds*

Education serves as the cornerstone of individual and societal development, equipping people with the knowledge and skills needed to navigate an evolving world. It includes both structured schooling and informal learning experiences that shape personal growth. A well-rounded education system nurtures critical thinking, creativity, and problem-solving, preparing learners to adapt to changing environments. Beyond academics, it also instils essential values like discipline, empathy, and resilience, helping individuals become responsible and engaged members of society.

Learning, however, is an ongoing journey that extends far beyond formal education. It involves continuously acquiring new knowledge, refining skills, and adapting to different challenges. People learn through various means, including reading, hands-on experiences, collaboration, and digital platforms. With technological advancements, learning has become more accessible, enabling individuals to expand their knowledge at any time. Whether through structured education or self-directed exploration, lifelong learning fuels intellectual, professional, and personal growth, driving progress and innovation in society.
